In August the College will host the statewide convention of vocational educators. It is hoped the new vo-tech building will be completed by then. The Board will be invited to tour the building as soon as it is ready for their inspection.

Pre-registration has been going on since May 3. Formal registration will be the first week of June.

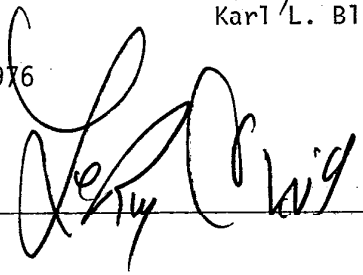

The College Administration met with Mr. Craig Morris of the Dilettantes this morning to review plans for the bi-centennial production.

The planned development with the City of Twin Falls of the seventeen acres of Frontier Field will start soon. The plan is to start a baseball diamond and parking area this month. Hopefully, additional funds will be available by September to do additional work. Some discussion continued concerning development of the road on the Northside of the College property and the possibility of hand ball courts on campus.
