

College of Southern Idaho Missing Student Notification Policy

The College of Southern Idaho takes student safety very seriously. To this end, the following policy and procedures have been established concerning students who live in CSI-owned on-campus housing who, based on the facts and circumstances known at the time to CSI officials, are presumed to be missing.

Most missing person reports in the college environment result from students changing their routines without informing roommates and/or friends of the change. For purposes of this policy, a student will be considered missing, if a roommate, classmate, faculty member, friend, family member or other campus person has not seen or heard from the person in a reasonable amount of time. In general a reasonable amount of time is 24 hours or more but may vary with the time of day and information available regarding the missing person's daily schedule, habits, and reliability. Individuals will also be considered missing immediately, if their absence has occurred under circumstances that are suspicious or cause concerns for their safety.

Anyone who believes that a student who lives in on-campus housing is missing should report their concern to Campus Security.

At the beginning of each academic year, Residence Hall staff will inform students residing in on-campus housing that an official from CSI will notify either a parent, an individual selected by the student, or the appropriate law enforcement agency no later than 24 hours after the time the student is determined to be missing.

At the beginning of each academic year, students living in on-campus housing will be asked to provide, on a voluntary basis, emergency contact information in the event they are reported missing while enrolled at CSI. This emergency information will be gathered and updated annually by the Housing Coordinator.

CSI will follow the following general notification procedures for a missing student who resides in on-campus housing:

- i. Any and all official missing person report(s) relating to students residing in on-campus housing shall be referred immediately to **Campus Security**.
 - o The official receiving the report will try to collect and document the following information:
 - The name and relationship of the person making the report.
 - The date, time and location the missing student was last seen.

- Description, clothes last worn, where student might be, who the student might be with, vehicle description, information about the physical and mental well being of the student, an up-to-date photograph, class schedule.
 - The general routine or habits of the suspected missing student (e.g. friends who live off-campus, working off-campus) including any recent changes in behavior or demeanor.
 - The missing student's cell phone number (if known by the reporter).
- ii. Every missing student report will be followed up with an investigation.
- iii. Once CSI receives a missing student report, the following officials/offices may have a need to know and be informed:
- Housing Coordinator
 - Dean of Students
 - Vice President of Student Services
 - President's Office
- iv. If Security, after investigating the official report, makes the initial determination that the student subject of a missing person report is missing:
- a. The Dean of Students or his designee will notify the individual identified by the student no later than 24 hours after the time the student has been determined to be missing.
 - b. If the student is under 18 years of age, and not an emancipated individual, the Dean of Students or his designee will notify a custodial parent or guardian immediately.
 - c. If subclauses (a) or (b) do not apply to a student determined to be a missing person, Security will notify the appropriate law enforcement agency no later than 24 hours after the time that the student is determined to be missing.

Upon notification from any entity that a student who resides in on-campus housing may be missing, CSI may use any or all of the following resources to assist in locating the student:

- Contact the student via e-mail or phone.
- The Housing Coordinator and staff may be asked to assist in physically locating the student by keying into the student's assigned room and talking with known associates.

 - Contact roommates, floor mates, known friends, family, or faculty members to seek information on last sighting or additional contact information.
 - Check the student's social networking sites (e.g. Facebook, MySpace, Twitter, etc.).
 - Security may access security camera and video recordings to determine last sightings of the missing student.
 - Security may access vehicle registration or license information for vehicle location and distribution to authorities.
 - Information Technology staff may be asked to look up logs for last login and use of CSI's systems (e.g. e-mail, network, Blackboard, etc.).
 - If there is any indication of foul play or an immediate safety/security concern, or if the parent/confidential contact cannot be reached, the appropriate law enforcement agency will immediately be notified.
