

PRE-APPROVAL REQUIRED

CSI EXTERNAL FUNDING REQUEST (EFR) FORM

This form must be completed for all external grant requests. It is applicable to external funding sources only and should NOT be used for the CSI Foundation grants. If you have any questions about grant development, filling out this form, or the approval process, please contact grants@csi.edu. If you have fiscal questions, please contact Devon Jenks (djenks@csi.edu or x6215).

ALL external grant proposals must be approved using this form. You are encouraged to submit Part A of this form as soon as you begin to consider working on a grant, even if you do not yet have all of the details for entire grant proposal. This allows the Office of Grants Development to track grants through the process, ensures that multiple branches of the college are not simultaneously and unknowing working on grants that would compete with each other, and ensures that you do not spend a significant amount of time working on a grant that cannot be approved for some reason.

PART A: Fill out and submit to grants@csi.edu. The Grants Office will then circulate the form to gather the appropriate approvals and return the EFR to you.

Grant to be written by: _____

Grant to be submitted by: _____

Grant title: _____

Grant agency: _____

Grant due date: _____

Type of submission (select one): New grant Renewal of existing grant
